ASBURY GRAPHITE MILLS

DECLARATION OF REACH COMPLIANCE

REACH Compliance Statement

The part(s)/product(s) listed below **do not contain** substances on the Candidate List of Substances of Very High Concern. This list is specified by the European Union Directive 1907/2006 on the Registration Evaluation Authorization and Restriction of Chemicals, which can be viewed here: <https://echa.europa.eu/candidate-list-table>. The below list includes the substances added to the SVHC #27 on June 10, 2022. Visit <http://asburysds.chemtel.net/> to obtain an SDS for the Asbury grade in question.

REACH exempt Asbury materials are:

Natural occurring graphite (amorphous, vein, flake, SEFG) is exempt from REACH per annex V, Par VII
Metallurgical coke is exempt from REACH per annex V, Par X
Anthracite Coal is exempt from REACH per annex V, P VII
Calcined petroleum coke is exempt from REACH per annex V, Par X
Green petroleum coke is exempt from REACH per annex V

REACH compliant Asbury materials are:

Activated carbon, virgin (wood, coconut, coal)
PAN based carbon fibers
Carbon black
Synthetic Graphite 01-2119486977-12-0027
Expandable graphite: Registration # 01-2119514421-54- 0014
Molybdenum Disulfide

There are no Asbury grades currently on the list of SVHC or containing constituents that are on the list of SVHC, including those listed in Annex XVII.
